

PARTNERSHIP GUIDE

Geomatics 2016 Symposium
October the 19 and 20, 2016
Palais des Congrès

www.geomatics2016.com

The Geomatics 2016 Symposium is intended for public or private sectors managers, professionals, and developers that deal with geospatial data. Geomatics is present in every business areas, whether information technology, finance, marketing, transportation, natural resources and even arts. Geomatics applications have become increasingly important, especially in smart cities and spaces, gaming industry, Internet of Things, in short, wherever geolocation matters.

Participants will have the opportunity to hear expert speakers that will present their latest achievements, new products or services and share their vision of the Future. As in past years, visitors will be treated to a large commercial exhibition bringing together nearly 50 key hardware, software and service players.

Geomatics 2016, an event not to be missed!

On October 19 and 20, this is where you want to be!
